

Entry Doors

For almost 50 years, Feldco has been helping homeowners improve the value of their homes while improving the quality of their lifestyles.

It is our mission to offer superior entry door systems at an exceptional **value**. Our doors are designed specifically for the unique weather of the Midwest, to ultimately keep you cooler in the summer and warmer in the winter.

By staying ahead of the trends with energy efficient products and embracing the **innovation** offered with the latest in entry door technology, we will save you money on your energy bills.

We know every home and every customer is different, so we have a wide variety of styles and options available to help you transform your home. Every entry door is custom built just for you, and you can enjoy the **beauty** a Feldco door provides for years to come.

You've heard us say, with Feldco, "One Call Takes Care of it All." Whether you visit us online at 4feldco.com, stop by one of our showrooms or call us at 866-4FELDSCO®, we make it easy to schedule your free in-home estimate. Followed up with our professional service and installation, Feldco truly takes the hassle out of your home renewal project. Quite simply, Feldco remains a company you can **trust**.

We look forward to earning your business, transforming your home and delighting you with your Feldco experience.

-Your Feldco Team

WHY FELDCO?

Customer Delight

We pride ourselves on setting the bar in customer service by making "Customer Delight" our focus day in and day out. Whether it's during an in-home demonstration, the installation, or a call to 866-4FELDSCO®, we don't want to just satisfy our customers, but delight them.

Lifetime Warranty

Feldco's Top to Bottom Inside Out Warranty gives you the added peace of mind about your investment. Trust that our doors will be free of defects and installed properly. The warranty is even transferable should you ever sell your home.

Professional Installation

Your Installation Team is among the best in the industry, dedicated to making sure your new door is properly installed. Our professional installation maximizes the efficiency and functionality of your new entry door. All installers are EPA trained and certified renovators that strictly adhere to the latest requirements for Lead Safe Renovating. This ensures that your installation will be cleaner and safer, protecting you and your family.

LBP-19785-1

CUSTOMIZED TO FIT YOUR NEEDS

The materials and workmanship that go into our custom doors are of exceptional quality and durability, far exceeding what is available as ready-made. Unlike consumer-grade doors, Feldco professional-class doors are customized to your exact measurements for a better fit and a more secure, energy efficient door.

Solid brass adjustable strike plate makes doors easier to custom fit.

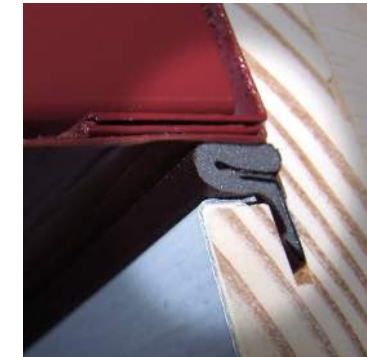

High-performance, heat resistant window trim is warranted not to warp, crack or pull away from the door, even in sunny or higher temperature applications.

Our **stains are hand-applied by professionals** then oven cured for maximum beauty and durability. **State-of-the-art electrostatic paint application** ensures a beautiful even coat.

Bulb and blade sweep virtually eliminates drafts, keeping your home more comfortable.

The energy efficient **weather-stripping** runs along the top and sides of the door, keeping the moisture, air and dirt out of your home.

Heavy duty ball bearing hinges come standard with every entry system.

Exclusive **Z-AC™ Threshold** is an auto-adjusting sill and built-in sealing system. Never needs adjusting and forms a tight seal every time.

Frame saver, **rot-resistant wood frame** and brick mold with a composite bottom prevents water absorption and carries a Lifetime Warranty.

Our doors include a **20-gauge security plate** for extra strength and to help prevent kick-ins.

TAILORED FOR YOUR HOME

An entry door system is a reflection of you and your style. What Feldco offers is the freedom to have a door designed just the way you want, perfectly complementing your personality.

Each made-to-measure door is a creation of its own - uniquely customized in three easy steps:

1. Choose your door's construction.
2. Create the perfect entry from a wide range of glass options and door styles.
3. Add the finishing touches of hardware & accessories.

SIGNET FIBERGLASS ADVANTAGES

Stiles and rails are dovetailed and glued at each corner creating a structurally solid, integrated frame.

The **2 5/8" finger-jointed 3-ply hardware hinge stile** provides superior structural integrity.

Feldco doors are **foam filled by a computer driven process** that ensures the optimal foam fill for maximum energy efficiency and strength.

The **4 1/4" finger-jointed 4-ply hardwood strike stile** provides a solid mounting surface for decorative hardware and superior structural integrity.

High-definition panel profile creates excellent shadow lines and distinct panel designs.

Door edge is constructed with cherry, mahogany, oak or fir wood matching the selected series.

A high-performance, composite material is utilized on all Signet Fiberglass bottom rails, giving excellent rot-resistance.

Plugless Window Trim is standard on Signet (not available with Fir Series).

The inside door **frame is hand stained or painted to match your door** providing you with a consistent visual appearance.

Signet Fiberglass entry systems come standard with an **anodized bronze threshold with a complementary riser**.

The authentic wood look is made possible by using cutting-edge nickel vapor deposition technology.

The revolutionary **DuraFuse Finishing System featuring P³ Fusion** yields unprecedented finish durability.

Scientifically formulated compounds provide superior resistance to denting, splitting, cracking and warping.

Our **polyurethane core** reduces energy loss.

HERITAGE FIBERGLASS ADVANTAGES

1 7/8" Finger-jointed, 2-ply solid oak laminated stiles are locally manufactured exclusively for Feldco, for both hinge and strike sides and are proven to provide increased rigidity and structural integrity.

Polyurethane core reduces energy loss.

Improved definition panel profile creates excellent shadow lines and distinct panel designs.

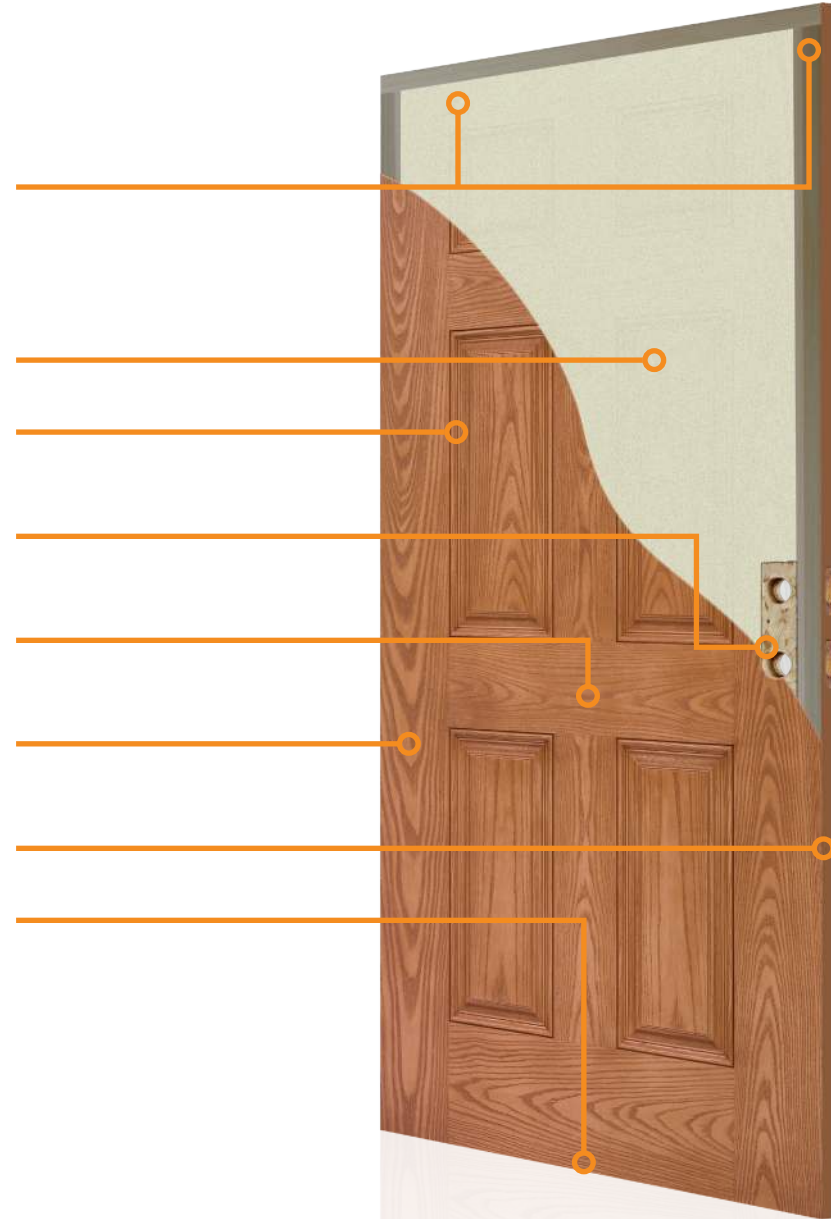

Lock areas are reinforced to provide a solid mounting surface for decorative hardware.

Specially engineered fiberglass door facings will not dent and resist splitting, cracking and warping.

Variable-depth wood grain texture with hand-applied stain imitates a wood door appearance.

Square-edge design offers an attractive wood door appearance.

A high-performance, composite material is utilized on all Heritage fiberglass bottom rails, giving excellent rot-resistance.

LEGACY STEEL ADVANTAGES

Composite top and bottom end caps increase rigidity and energy efficiency.

The edges and face skin of our steel doors are **one continuous piece of steel** for strength and durability.

Special adhesives/thermal barrier reduce heat and cold transfer, while our exclusive tab and slot system of **mechanical interlocks** gives the door exceptional structural strength.

Feldco doors are **foam filled by a computer driven process** that ensures the optimal foam fill for maximum energy efficiency and strength.

To reinforce the lock and dead bolt area, we add a **rigid composite lock** block to all of our steel doors.

You can customize your 20-gauge entry door by ordering different styles and finishes on each side, such as smooth painted or wood grain textured.

Our 20-gauge steel doors give you **49% more galvanized steel** than a standard 24-gauge door.

Our **polyurethane** core reduces energy loss.

Smooth Steel with High-Definition Embossing Provides:

- Traditional panel wood door look
- Deep Shadow lines accentuating the character of the door's design
- Rich contouring adding depth and artistic character

(Only available on Legacy Steel styles)

Feldco offers a wide variety of door styles to meet your needs.

To view all of our door styles please visit us at:

www.4feldco.com/entry/

Some styles are available with grids or blinds between the glass.

Sidelights and transoms are available with most door styles.
